## MARGARET WICKES MADE VARSITY Y. W. C. A. HEAD

**Other Officers Named; Secretary of Board, Hostess.**

Margaret Wickes has succeeded Carrie MacLay as president of the Y. W. C. A. The other new officers are Clara Johnson, vice president; Florence Jensen, secretary, and Ruth Dana, treasurer. The new cabinet members are Alma Streit, extension; Carrie MacLay, social; Hildred Gleason, meetings; Lois Showell, publicity; Adalouie McAllister, missionary; Gertrude Clerk, conference; Marie Erickson, finance, and Mildred Lore, music.

The advisory board, of which Miss Emily Whitcomb is president, entertained Miss Alice Brown, student secretary for the northwest; Miss Anna Helm, the local secretary; Mrs. C. L. F. Kellogg, secretary for the state of Montana; the old officers, the new officers and the old cabinet at a dinner Monday evening at the Florence hotel.

Miss Brown will speak at the devotional meeting at 4:30 Tuesday in the Y. M. C. A. hut. The advisory board will meet with Miss Brown at Craig Hall Wednesday at 4. A party will be given Thursday evening for the Y. W. C. A. members and for all those interested in Y. W. C. A. work.

### Freshman Notice.

The freshman class will hold a meeting Wednesday at 5 o'clock for the purpose of electing new officers. When the present officers were elected, a motion was passed limiting their term to one semester.

## STATE BOARD TRIES DR. LEVINE'S CASE

**Varsity Professor and Chancellor Present; Testimony on Suspension.**

Helena, April 7.—By the Associated Press.—After listening to statements of Chancellor E. C. Elliott and Dr. Louis Levine, professor of economics in the University of Montana, relative to the suspension February 7 of Levine by the chancellor, the state board of education recessed tonight at 11 o'clock until 10 o'clock tomorrow, when Professor Levine will continue his statement and Dr. Elliott will reply.

There was a vast amount of documentary evidence submitted by both the chancellor and Dr. Levine.

Summed up, the statements showed that Professor Levine had undertaken to prepare a bulletin on the taxation system of Montana, relative largely to the taxation of mines.

### Levine Must Bear Expense.

During the time the data was being prepared, the chancellor and the professor conferred frequently and the understanding was that the bulletin would be published by the university. Last fall criticism was begun throughout the state that Socialism was being taught in the educational institutions and along in December newspapers began agitating for a legislative investigation. The university was under fire in November when Professor Levine submitted an incomplete manuscript of his proposed monograph and Chancellor Elliott advised in the interest of the university it would be better for the university not to publish it.

Professor Levine changed some of the statements he had made, but was still insistent that the bulletin be published and on December 10, he said, he had a conference with the chancellor and President Sisson in which it was determined that the university would not stand the expense. Later he received a letter from the chancellor urging that it be withheld until later.

### Suspension Follows Publication.

The chancellor explained it might interfere with the recommendations of the tax commission and would only cause more trouble for the institution.

"I tried to make him understand that the university came first and that I regarded it my duty to look out for the colleges under the circumstances," Chancellor Elliott told the board. "Dr. Levine saw fit not to observe my advice in the matter and he published the monograph on mine taxation. I therefore suspended him for insubordination, for conduct unbecoming a member of the faculty, basing my action on the rules of the state board of education."

## Schreiber's Car Taken From Home

"I'll tell you it's going to go hard with someone." We've got detectives on their trail," announced Professor W. E. Schreiber, with a defiant, though somewhat sleepy nod. "Someone" is the misguided individual who forced the lock on Mr. Schreiber's garage at midnight last night. Within 15 minutes the professor, armed with a revolver and accompanied by the sheriff and his force, was after the desperadoes and every road within a radius of 50 miles was patrolled. About five this morning the car was found without any gas, out by the Van Buren street bridge.

## R. O. T. C. BEGIN WORK IN BAYONET CLASS

**Gillem and Mosby Give University Cadet Corps Training in Use of Cold Steel.**

The first bayonet drill of the year was held by the R. O. T. C. yesterday. Lieutenant Colonel Gillem had charge of the instruction of Company A, and Adjutant Mosby, who saw fourteen months' service overseas, had charge of Company B. The work was snappy and after a half hour most of the men were exhausted.

The Commandant gave a short talk before the training corps outlining the work for the coming quarter. He wishes to see the University unit at a high point of efficiency so that when the inspector, Colonel Hannah, of the War Department reviews the corps, Montana will receive a rating. All colleges in the northwest are taking up R. O. T. C. work and the University should rate well with the 12th district schools, says Lieutenant Colonel Gillem.

T. C. Spaulding gave a lecture on "Field Fortifications" to the training corps last Friday. Mr. Spaulding was a captain with the 41st division, and saw fourteen months' service overseas and his talk was from practical experience. Mr. Spaulding will give lectures on engineering at different times during the remainder of the quarter. Adjutant Mosby will also lecture on military tactics used by the American overseas forces.

## FUTURE FORESTRY SCHOOL POLICY DETERMINED AT CONFERENCE TODAY

## SISSON NAMED HEAD EDUCATIONAL BODY

**"U" Faculty Members Deliver Addresses Teachers' Association.**

Dr. E. O. Sisson was elected president of the Inland Empire Teachers' association at the twenty-first annual session of that body held in Spokane, Washington, during Wednesday, Thursday and Friday of last week. He attended the session mainly for the purpose of meeting in conference with the heads of the leading universities and normal schools of the Northwest.

Several other members of the university faculty were present and spoke during the convention. Dr. J. E. Kirkwood gave an address on, "The Case for General Science." Professor F. O. Smith spoke on "A Mental Survey of the Public Schools of Missoula and Butte," and Miss Gertrude Buckhous on "The School Library, a Laboratory." Dr. M. J. Elrod and Mrs. Whitcomb also attended the session. Dean K. W. Jameson was unable to accept the invitation to speak before the convention as she was too busy to leave her work at the university.

## Some Must Work Others to Play In Band Friday

Some must work and some must play to make a regular Aber day. The lucky birds who are accomplished enough to blow anything from a flute to a base horn met yesterday afternoon and arranged for the Jazz supply for those who will wield the pick, shovel and similar instruments. All the latest Jazzensations will reverberate from old Mount Sentinel, while the leaves will dance, the bonfires will leap, and the angworms wiggle to those irresistible melodies.

The musical members to date are: Anderson, base horn; Wilson, cornet; Phillips, trombone; Barrows, trombone; Jackman, clarinet; McAdams, clarinet; Westby, clarinet; LeClaire, saxophone; Porter, saxophone; White, flute; MacRae, bass drum; Keeley, snare drum.

The band started their first practice at 11:40 this morning and will get together again at the same time Thursday. If there are any other members about the campus who can utilize their lung power by putting it through a band instrument and adding pep to the occasion, they are requested to see "Pat" Keeley at once.

"Pat" will have charge of the band for Aber day and promises a good production, considering the short time in which the men will have to practice. He believes his artists will be sure enough "Pep Producers."

This organization will be the nucleus of a permanent University band of which Captain Thomas C. Spaulding will be the director. Captain Spaulding lead an A. E. F. band which General Pershing commented upon as being one of the best in the service.

Plans are now under way to secure sixteen new instruments and students who wish to learn to play will be given a regular course in this line.

**Chief Forester Henry Graves Visits University for Session.**

## LUMBERMAN TO DINE

The future policy of the school of forestry will be determined today in conferences of Chief Forester Henry Graves, President Sisson, the school of forestry faculty and the advisory committee. These men will meet at dinner tonight in Simpkins barracks. Afterwards they will discuss future plans of the school, and agree in general upon its general lines of development.

Forester Graves was on the campus yesterday for an hour following a luncheon of the conferees at the Florence hotel.

The school of forestry has reached the place where it must be determined whether it shall give specialized training along several lines or emphasize the strictly forestry subjects with other work collateral to these courses. At present students are given training in forestry engineering and in forest service and forest products. Some have argued that it is necessary now to give more attention to the strictly forestry courses—mensuration, silviculture, timber physics, wood technology, dendrology.

Some schools of forestry permit students to specialize in forest service (2) logging engineering, (3) forest products, (4) the lumber business. To what extent this specialization will be permitted is to be determined by the conferees, and an adjustment of the engineering and forestry work may follow in the curriculum.

In addition to Forester Graves and President Sisson, the conferees are James H. Bonner, retiring professor and acting dean of forestry; Professors T. C. Spaulding, R. R. Fenska and Charles Farmer, Instructor Harold Lansing and the members of the advisory board, including Kenneth Ross, R. H. Rutledge and E. H. Polleys, Timbermen and foresters from Bonner and Somers and from the Missoula district forest office probably will be invited to participate in tonight's session.

## UNIVERSITY DEBATERS TOP LIST IN STANDING

**Kaimin Staff With Average of 15.15 Comes Second.**

The University debate team leads the list with an average of 24.29 grade points per quarter.

A chart in Dr. R. H. Jesse's office, showing the relative scholarship averages of various student activities for the year 1917-18 gives this information. The Kaimin staff with an average of 15.15 grade points, ranks second, while the Sentinel staff ranks third with an average of 13.99 grade points, slightly above the University average.

All of the athletic activities fell below the University average. The baseball team made 10.35 grade points, per quarter, the basket ball team, 7 grade points per quarter, and the football team, 4.57 grade points per quarter.

Helen A. Little and Ruth Jarl spent the week-end in Butte, visiting the former's parents.

JAMES H. BONNER.

With the departure of James H. Bonner, acting dean of the school of forestry, who goes to Helena to take over his new duties as engineer of the Public Utilities commission, the University suffers a big loss. Always a worker with the interests of the University foremost in his mind, Mr. Bonner was tireless in his efforts to make his Alma Mater a better institution and the school of forestry the best in the country. Mr. Bonner is regarded as the most active man on the faculty and he well deserves the name and distinction, for he was a hard man to find when you wanted him. His many duties required him to be everywhere and the person who desired an interview with Acting Dean Bonner found it necessary to move often and quickly lest he escape him entirely. The buildings constructed during the few months previous to the organization of the Student Army Training corps will serve as a memorial for the big work Mr. Bonner has accomplished since his connection with the University. It was he who drew up the plans for the various buildings and it was he that did many of the little things necessary for the preparation of the grounds and the University previous to the adoption of the Student Army Training corps as a part of the University. His position has always been a big job and Mr. Bonner has proved time and again that he was a man that could fill the position and fill it well. The University can ill afford to lose Mr. Bonner, but now that the time has come when he must leave, the University extends to him the best wishes and success in his new position and hope that the time may come when Mr. Bonner will return to the University.

Mr. and Mrs. M. P. Kuhr of Havre visited Kathlyn Broadwater last Friday. Mrs. Kuhr and Miss Broadwater are sisters.

Margaret Johnson has returned from Great Falls, where she spent the past week visiting her parents.

UNIVERSITY ORCHESTRA  
PROGRESSING RAPIDLYMusical Organization Now  
Has Ten Members.

The orchestra under the direction of Professor Cecil Burleigh, has progressed rapidly during the last quarter. There are now ten members and this number will be increased during the spring quarter. There are three first violins, played by Irene Bruce, Estelle Hanson and Professor Burleigh; two second violins, played by Jessie Bierman and Margaret Wilson; the clarinet by Roscoe Jackman; the trombone, by George Phillips; the cello by Joyce McMurray; the flute, by Omar White, and the piano by Margaret Wickes.

The orchestra was first organized in 1913 by De Loss Smith, dean of music. In 1914 Cecil Burleigh became director. During the fall quarter of 1918 the orchestra did not progress very rapidly because of the epidemic.

During the summer Professor De Loss Smith will be director of the orchestra while Mr. Burleigh is studying in New York.

Your University  
A Brief History of Our  
Institution

The first big intercollegiate track meet was held May 6, 1904, on Montana field, between the Washington Agricultural College at Pullman, and the Montana State University at Missoula. The meet marked a new era in athletics as it was the first big meet ever held at the university or in the state and the fact that it was a success made it certain that athletics was looked upon with much favor from this date.

Montana was at a disadvantage as it was the first meet which her men had participated in, while the Washington team had already competed with Idaho. There were ten men representing the "Farmers" from Washington. Where the University had 100 men to choose from, Washington had 300—this gave them the advantage in material and they walked away with the contest.

VARSITY Y. M. C. A. TO HAVE  
STAG HIKE IN LATE SPRINGFirst Y Meeting Since Examinations  
Held in Hut Last Night.

The Y. M. C. A. at the State University is to give a big stag hike to the Rattlesnake lakes beyond Mt. Stuart in the late spring. This fact was made known on the campus at the regular "Y" program last Monday evening. All men of the University are to be invited to take part in the affair. Provisions and other necessities are to be provided by the organization.

The meeting held Monday was the first since the examinations. It was directed by Secretary W. T. Lockwood. It was fairly well attended.

From now on the meetings will begin at 8:30 o'clock in the evening, the time being changed from 7:30 because of the season.

## CARMICHAEL WITHDRAWS.

John Carmichael, '21, has withdrawn from the University to accept a position with the Chapple Drug company of Billings, where he was employed before entering the University. Carmichael is a student in the school of pharmacy and a member of the Iota Nu fraternity.

## The Freshman Life of Clarice.

## CHAPTER X.

"What are you doing Saturday?" one of the brothers asked Clarice. "Nothing," answered our Hero shakenly, thinking they were going to apply the rough stuff. "Well, then, tomorrow you report to the Have a Dates to wait on table," the high potentate said. When Saturday rolled around our Hero hid himself to the well-known cat house.

His job was to wait on table. The sisters acted as if they were always used to service. True, when at home they washed the dishes and hit the ball at Father's bidding, but you would never think it to see them at the cat chow table. They sure knew how to handle the table hardware and knew what finger bowls were for. And for Clarice's benefit they hollered about the grub. Of course, it was not up to standard, the cook was a bum, etc. They knew that with such conversation our Hero would pack back to the Mo Cow Mos a good story. When our Hero went into the kitchen the cook told the gossip of the sister clan. What they thought of everybody that counted upon the campus and what they knew about the sisters of the rival clans. As our Hero plodded homeward he knew how co-eds snared University husbands, but how they keep them after marriage was what bothered him. (To be continued.)

The campus is decked in  
New coat of Green  
And the co-ed queen  
Looks over her left shoulder  
At the moon's romantic beams  
And wishes, low and behold  
Her wish is answered, for  
A kiss is planted daintily upon her  
Mouth and the next day another  
Resignation greets the anti-spooners.

## A Democratic University.

Two sororities at the State University held initiation ceremonies yesterday. Delta Gamma took in 12 men members while Kappa Alpha Theta initiated ten.—(Daily Missoulian.)

Now, we knew some men stood in good with the sisters, but never dreamed of anything like this

And we have seen many fair co-eds wearing sorority pins but now we will see men sporting the Anchor and the Kite, which sure is progress.

## MASQUERS POSTPONE PLAYS.

The two plays, "How He Lied to Her Husband," by Bernard Shaw, and "Indian Summer," which were to be given Wednesday by the Masquers' club, have been postponed a week and will be staged at the University auditorium.

"Whether or not admission will be charged has not yet been determined," said Professor H. M. Jones, "but it is likely that the price of the property to stage the plays will make it necessary to charge a small admission."

## The Music World

By  
De Loss Smith

The new administration building now being completed at the University of Kansas, will house the school of music. There will be sixteen large studios and class rooms and fourteen practice rooms. There are thirteen instructors on the faculty. Major courses are piano, voice, violin, organ composition and public school music. The minor courses in music are theory of music, harmony, history, violincello, instrumentation, counterpoint, canon, and fugue and ensemble.

Musical organizations at the University of Kansas are university orchestra, 35 pieces; band, 80 pieces; chorus, 125 voices; men's glee club, 30 voices, and women's glee club, 40 voices.

The S. A. T. C. men at the University will remember Mr. Reese Veach, the enthusiastic song leader, who visited the camp here last fall. Mr. Veach has been released from government service and has opened a vocal studio in Grand Rapids, Michigan.

Mr. Veach is not the only song leader of the first rank, but a vocal instructor of experience, and also a singer, having appeared successfully in the concert field.

## University Music News.

The men's glee club will rehearse Wednesday at 4 P. M. If you have a voice and can read music go up to room 24 and try out for the club.

All men who can play a band instrument or are interested in band music, please report to Lieutenant Colonel Gillem, T. C. Spaulding or De Loss Smith.

FORESTRY STUDENT BACK  
FROM OVERSEAS DUTIES

William Strong, '20, has returned to the University after being in the service since July, 1917. At that time he enlisted in the Tenth Engineers and in September was sent overseas. He was engaged in the getting out timbers for bridge work and for other purposes. With him were the following Montana men: Charles V. Wingett, James Brooks, L. Kunckle and Kenneth Wolfe.

Strong was a member of the University wrestling squad in 1916. He will enroll in the school of forestry for the spring quarter. He is a member of Delta Rho fraternity.

## Streit's Colyum Is 'Monkey Meat'

"Monkey Meat" is the name of a colyum written by Clarence K. Streit, ex-'18, in "The Spiker," the monthly paper issued by the men of the Engineers Railway, of the A. E. F.

Streit, while at the University, was an advance student in the school of journalism, and a former editor of the Kaimin. He enlisted early in the war, in the Twentieth Engineers and went to France with them. In France he was transferred to the intelligence service. He is now detailed in Paris where his work is in connection with the peace commission.

The colyum written by Streit abounds in dry humor and clever squibs. One of these is the publisher's announcement of "Over the Bucks," by Guy M. P. Again he shows, in a bit of verse, the dough boys' desire to return to the United States:

"Little drops of water,  
Millions of 'em, 'bo.  
Keep me and you and others,  
From where we'd like to go.

The Interscholastic Track Meet is Montana's greatest yearly athletic event. It is held under the auspices of the University each May upon Montan field. Nearly every high school of the state sends a team. Last year Stevensville won the meet from Hamilton in the last event. Victor placed third and Miles City Fourth.

### Young Is Back.

Harold "Doc" Young, '20, returned to the University last week, to resume his studies for this quarter. He has been in charge of a drug store for the past two weeks in Virginia City.

## Problems of Peace

The ending of the war does not lessen the responsibility of Montana citizenship. Rather, the problems of peace are more difficult of solution than those of war. *The State University of Montana* has for its main purpose the development of the right idea of citizenship and of the responsibilities of Montana citizenship. This state has made a war record which is remarkable. To continue that record in time of peace, to add to the usefulness of this commonwealth, is the present-day duty of every Montanan. To aid in this achievement is the aim of the State University. Practical courses, vocational schools, well-defined ideals offer to the Montana student the best opportunity for education. ## AGGIE TRACK SQUAD WISH BRUIN'S SCALP

Bennion Concentrates Efforts to Make Winning Team in Dual Meet.

Reports from the Aggie camp show great activity in their track work and they had about forty men last week entered in various events. The "Bobcats" as they style themselves, are concentrating their entire effort upon the track team this year in the hope of carrying away the honors in the dual meet with the University team at Bozeman on May 19.

Coach Bennion has decided to pass up baseball in his great desire to make the Grizzlies take a back seat this spring. In his position as ring master he is cracking the whip at the heels of his "Bobcats" and teaching them all the ins and outs of the game.

Out on the oval back of the gym Coach Schreiber is doing his best with almost half as many men. He is hoping, that every man on the campus will wake up to the fact that he cannot leave the whole thing to the other fellow. More track men are needed and needed badly. The Aggies are confident of a strong team and Coach Schreiber feels sure that there is material here to beat them if the men will only show some enthusiasm and turn out.

## "U" STUDENT EDITS PAPER ABOARD SHIP

While at sea on the President Grant, transport ship en route to France, Joe Townsend, a former University student who enlisted in the Field Artillery, edited a sheet called "The Barnacle." An edition was published on the first day at sea and continued successively for eight days until the landing in France, November 8, 1918. Six hundred copies of the Barnacle were circulated each day among the 4,400 artillery men on board the transport.

The first edition came out November 1, 1918. It ran wireless reports from Washington and London, health conditions on the ship, announcements, news of the theater and music world, and a "colyum" called "Bits of Wreckage." Reports from all the big news sources in Europe reached the Barnacle bringing news of the Austrian desertion of the kaiser, of the German war council ready for the abdication of the kaiser, and of the battle fronts.

On November 8, the last edition appeared. It contained in "Bits of Wreckage" this communication by a reader:

"The editor of this paper has tried to play 'The Violet by the Mossy Stone.' But we must express the unanimous appreciation of all on board for the newsy little sheet he has given us daily. So unbeknown to him, we have put aside some 'Bits of Wreckage' to pay our thanks. Lieutenant J. B. Townsend, you have made good.

"P. S.—Don't blame the printers for this. We are acting under orders."

Lieutenant Townsend enlisted in the Field Artillery during the spring of 1917. He returned from France recently, and registered for the third quarter at the University.

## WOMEN'S FRATERNITIES INITIATE NEW MEMBERS

Kappa Alpha Theta and Delta Gamma Announce Initiates.

Two of the women's fraternities initiated new members the past weekend. They were Delta Gammas and Kappa Alpha Theta. Kappa Kappa Gamma and Alpha Phi will initiate within the next two weeks.

In former years it was necessary for the initiates to have twenty-four hours' of college work before they could be initiated, but this year the faculty granted a petition from the Pan-Hellenic council, on account of the irregularity of the college year, allowing them to initiate after twelve credits had been received.

Pi chapter of Delta Gamma sorority announces the initiation of Vera Griffith, Columbus; Ardis Perrine, Maude Campbell, Cora Sanderson, Big Timber; Wana Edwards, Forsyth; Helen Prescott, Helena; Edith Lillie-fors, Great Falls; Eleanor Mitchell, Townsend; Nona Hyde, Mabel Simpkins, Neva Rutledge, Missoula; Marion Treiber, Billings.

Initiation was held Saturday afternoon, and in the evening a banquet in honor of the new initiates, was given. Mrs. Mae Pope Worden was toastmistress. Members from out of town who attended the functions were Genevieve Metlen, Dorothy Baggs, Marguerite McGreevy and Mrs. Charles Fraser.

Alpha Nu chapter of Kappa Alpha Theta initiated the following pledges, Sunday morning: Elsie Chester and Mary Laux of Kalispell; Elsie Talgo, Beatrice Renwick and Virginia Yegen, of Billings; Vivian Bruneau, of Great Falls, Jean Grimshaw, of Anaconda; Dorothy Phelps and Eileen Wagner, of Missoula; Helen Fitzgibbon, of Hamilton.

A banquet was held at the Florence hotel Sunday afternoon. Marguerite Barden was toastmistress.

Hazel Backus, Dorris Harbert, Marion Newman and Leathie McCarthy were in Missoula to attend the initiation and banquet.

## DUNSANY PLAY IS FEATURE OF SOLDIERS' PERFORMANCE

"The Glittering Gate" Is Sketch Camp Lewis Men Will Give; Six  
Vodvil Acts.

The first opportunity for a Missoula audience to see a professional production of one of Lord Dunsany's plays, will be afforded by the Camp Lewis Players which are coming to the Liberty theater this evening. The play to be presented is "The Glittering Gate." The show will be given on the company's portable stage.

The Seattle Post-Intelligencer, in writing of the players' presentation of the play at the Metropolitan theater in Seattle on March 28, says: "The Glittering Gate" is exceedingly well done by Robert Cosgriff as Jim, and Robert Knight as Bill. Mr. Knight's acting left the impression of reality. Dunsany is difficult to stage, no matter how easily he carries one away in the library. The play was staged in the portmanteau theater fashion, with great simplicity."

The personnel of the players is a strictly professional organization made up of experienced performers who saw service at Camp Lewis. There will be another one-act play and six acts of vaudeville.

## Giving Them Rope.

"Well, perhaps you may," was the reply, "I am sowing hemp."—Montreal Journal of Commerce.

## FROSH GIVEN BATH FRIDAY AFTERNOON

Annual Tug-of-War Won by Sophomores in Record Time of 38 Seconds.

Thirty-eight seconds after the starting shot was fired, for the annual tug-of-war between the two lower classes, the freshmen were in the slough. And a record for the shortest contest in the history of the event was made. Previous to this time, the record for the contest was that made last year, when the time made was a little better than one minute.

The crowd gathered to see the struggle at about 4:30 o'clock, and after some time spent in trying to carry the rope across the slough, the two teams were lined up for the start. In accordance with the custom, the sophomore class was allowed to have the choice of sides, and chose the north side of the slough. Since the north side is considerably lower than the south side, this gave the second year men a distinct advantage. An opening shot was fired, between this and the second that followed two minutes later, the teams were allowed to dig footholds. Both teams were ready for the second shot, but since the rope was too short, after the first two feet gained by the sophomores, Dorsey, the first man of the freshman team, was carried over the bank. Then with ten men pulling against nine, there was no question as to the outcome. The ten men of the freshman team and their captain voluntarily waded the stream. One or two of the shortest men had to swim.

As a result of the outcome of the tug-of-war, the men of the freshman class will be compelled to wear green caps for the rest of the school year. In a series of contests held near the first of March, the sophomores were easily victorious and consequently the first-year men appeared adorned with the traditional green caps. Had they won in the contest yesterday they would have been permitted to doff them forever. As it is, they must remain freshmen until the end of the present quarter, next June.

The freshman class has never won the annual event since it was introduced years ago. The class of 1917 in its beginning year, managed to come out with a tie after pulling for more than two hours. In all other contests the sophomores have been victorious. The affair was conducted in a fair manner yesterday. Neither side was allowed to dig pits from which to pull, nor was any other rule governing the method of pulling, broken. The freshmen were at a decided disadvantage in being compelled to pull from the south bank of the slough, but this also, is traditional.

The crowd of spectators was smaller than it ever has been on such occasions. It may have been that the weather was responsible, or it may be that too many people saw all they wanted on April 1, when the affair was advertised, but was not held.

The lineups were:

Sophomores—J. Sanders, captain; G. Mooney, L. de Mers, H. Hansen, L. Spogen, J. Sullivan, G. Phillips, J. Carmichael, C. Spiller, M. DeJarnette, L. Lockwood.

Freshmen—L. MacRae, captain; R. Kain, W. Johnston, F. Daylis, A. Crammer, J. Dorsey, K. McKoin, H. Watson, M. Downey, C. Keeling and N. Sager.
